What are Camps?

Week long adventures
3 January summer camps - 1 July winter camp
The most amazing experience you can have helping others!

What happens?

There are approximately 40 UCFK’ers on each camp, with roughly 80 kids (aged 6-12). This year there will be 13 families, which is made up of a mum, dad and about 6 kids. On each camp there is also a director, a head freelancer, 2 admin officers, a medical officer, 2 activities officers and freelancers.

We need Leaders and Freelancers

LEADERS: They will be paired up as husband and wife and given about 6 kids to care for 24/7. They have to look after their kids and be responsible for them. This position is similar to what you would have experienced on picnic but about 100 times better! By the end of the week your husband and your kids will be your new besties :)

FREELANCERS: These guys do a bit of everything for everyone. They are the extra hands that miraculously make soiled sheets clean, give you assistance with any children who require more one on one attention, clean up the filthy mess after meals and do other little jobs here and there. The camp would not run without them.

If you ever thought about UCFK camps, are a long time camper or just like having fun then ucfk camps are for you!
